

## *Mobile App*

Our district uses PayForIt for both the Cafeteria and Student Activity Fee Accounts. PayForIt has a mobile app which allows you to manage payments on the go. It only takes a few minutes to start making payments via the PayForIt Mobile app.

### **To make a payment on PayForIt Mobile, follow these steps:**

1. Visit the iTunes Store or Google Play store and search for PayForIt Mobile;
2. Download and install the PayForIt Mobile app;
3. Sign in using your PayForIt account username and password (you must first be registered on [www.PayForIt.net](http://www.PayForIt.net) before downloading the Mobile app).

### **Why PayForIt?**

- Payments can be made by credit card 24 hours a day, 7 days a week at the parents' convenience – online or via the mobile app;
- Parents can review student purchases, along with account balance information;
- PayForIt supports increased communication between our school and our families
- Online payments are fast, easy to manage (even for multiple students), and more convenient than writing multiple checks;
- At lunch time, our cashiers will spend less time taking cash at the serving lines, so students have more time to eat
- No more lost lunch money, cash or checks on the journey from home to school.

### **Convenient Features for Parents**

- Parents can opt in to receive email notifications when a student account balance falls below a threshold set by the parent;
- Parents can use an automatic payment feature which replenishes their student account(s) when the balance falls below a level set by the parent;
- Student information is automatically transferred from year to year;
- Parents can manage accounts for multiple students with a single login;
- Parents can manage payments via an easy-to-use online portal, or while on the go with a convenient mobile app;
- PaySchools is PCI compliant (Payment Card Industry Data Security Standard) and maintains industry standard SSL certificates (secure credit card transactions, data transfers and log-ins). This ensures all data is safe and secure.
