

Tenaflly Middle School

Math Placement Review Form for Course Placement in the 2023-2024 School Year

Course level placements are made for each student as a result of a collaborative process completed by our professional faculty including teachers, counselors, and administrators. These placements are based upon students' demonstrated academic performance and readiness in addition to the teachers' knowledge of the expectations of the courses in the math department.

Course level placements may be reviewed and reassessed by completing and submitting this form to Mrs. Amelia Bowers, *District Supervisor of Mathematics*. **All review forms must be submitted between Tuesday, April 18, 2023 and Monday, April 24, 2023.**

Please return completed forms electronically to Amelia Bowers via email - abowers@tenafly.k12.nj.us - as per the timeline above.

Name of Student: _____ Student ID#: _____ Grade: _____

Parent/Guardian contact email address: _____
