

♥ Welcome to Kindergarten

Dear Kindergarten Families,

Welcome to Kindergarten! The first day of Kindergarten is a great milestone for your child. I am thrilled to be teaching your son/daughter as they begin an exciting new school year. Starting Kindergarten is a very important and exciting time in your child's life and in your lives as well. Kindergarten is filled with so much social, emotional, and academic growth.

Each year kindergarten students enter school with a diverse range of experiences eagerly ready to absorb everything Kindergarten has to offer. My goal is for every student to reach his or her developmental educational potential by building a strong academic foundation. A student's academic success is based on developmental readiness, a nurturing environment, and parental involvement.

For children entering Kindergarten at Maugham, the year will be an exciting action-packed year, which begins to open the world of reading and learning about the world around us. Your child will learn to read, to problem-solve, as well as investigate the world of science and social studies in a literacy-rich environment. I believe that teachers and parents should work together to provide challenging and engaging learning experiences. This partnership will build children's confidence and encourage them to continue to see learning as both enjoyable, useful and provide a strong foundation for their future intellectual, physical, and social development. I look forward to a wonderful year with your children!

Kindly,
Ms. Taha
