From: Barbara Laudicina, Acting Superintendent of Tenafly Public Schools

Regarding: TENURE TRACK FACULTY

Requesting: Your Input on Faculty Performance by Friday, March 9, 2018

In the Spring, I will be making recommendations to the Board of Education about continuing the employment of 90 pre-tenured faculty members. In making these recommendations, I will take the input from key administrative and supervisory staff into consideration. Input from parents is also of value and welcome to this process.

In order to be considered for tenure, all teaching and most administrative faculty must demonstrate successful job performance in a school district for four (4) years, which is based on recently approved New Jersey State legislation.

The continued success of our schools is dependent on employing and granting tenure to those faculty members who clearly demonstrate the following:

- Exceptional teaching and leadership skills
- Commitment to providing a safe and caring environment for our students, along with valuable and appropriate educational experiences
- Willingness to engage in continuous professional growth, and to work collaboratively and productively with their colleagues

Parents who wish to share any information about the performance of any faculty member(s) listed on the following pages are encouraged to submit their comments to me on or before March 9, 2018. Your input is valuable and most welcome to this process.
