

2021-2022

Dear Fourth Grade Students,

We have an exciting year ahead of us. It is a pleasure having you in our class. We will be learning about landforms, Immigration, The American Revolution, and many other exciting topics. I look forward to meeting all of you in person and getting to know you as individual learners.

Please bring in a picture of yourself for our team bulletin board, 5x6 or 4x7 doing an activity you enjoy. I also look forward to hearing about your summer reading and what your favorite books and authors are. We will discuss this on our first day of fourth grade!

Sincerely,

Ms. Bailey
